

Turn Happy Clients Into Your Most Powerful Marketing Machine

The Plug-and-Play Review Management System

Gather Reviews & Referrals

Send review requests via email, QR codes, or direct links. Clients leave 5-star reviews in one click –seamlessly integrated into your CRM and workflows.

Manage Everything in One Place

Track and respond to reviews from one dashboard. Strengthen trust, boost SEO, and enhance credibility effortlessly.

Turn Reviews into More Clients

Showcase live testimonials on your website. Boost rankings, trust, and conversions with social proof.

Who We Are?

Star Feedback was founded to help professional service businesses turn client feedback into trust, credibility, and sustainable growth. We provide a structured, plug-and-play system that simplifies review management, referral tracking, and reputation building.

What We Do?

We give businesses the tools to automate reviews, generate referrals, and monitor reputation in one central platform. Our mission is to help firms grow with confidence, attract high-value clients, and build long-term trust.

Your Path to Reputation & Referral Success

About Us

Star Feedback helps professional service firms harness the power of client reviews and referrals to build trust, attract more business, and establish a strong online reputation. Our plug-and-play system streamlines review collection, reputation management, and client referral generation, allowing you to focus on delivering excellent service while we handle the rest.

Our Services

We provide a structured, automated system that makes it easy to grow and maintain your reputation effortlessly.
